## WHAT IS FBLA?

---

Future Business Leaders of America, Inc. (FBLA) is the largest business career and technical student organization in the world. Each year, FBLA helps over 230,000 members prepare for careers in business.

Through FBLA, members learn how to lead and participate in group discussions, preside at meetings and conferences, work effectively within committees and engage in practical problem solving and decision making.

All chapters and the national organization are guided in their plans and activities by advisory committees - business instructors, professional members, school administrators, and/or businessmen and women.

## THE PURPOSE

---

The purpose of FBLA is to provide, as an integral part of the instructional program, additional opportunities for students (grades 5 -12 and post-secondary) in business and/or business-related fields to develop career and technical supportive competencies, and to promote civic and personal responsibilities.

## THE MISSION

---

FBLA inspires and prepares students to become community-minded business leaders in a global society through relevant career preparation and leadership experiences.
